

# HURRICANE REGISTRY

FOR THOSE WITH FUNCTIONAL, ACCESS, OR MEDICAL NEEDS

## IF A HURRICANE WERE COMING, WOULD YOU BE ABLE TO LEAVE?

- ✓ Do you have special medical needs?
- ✓ Do you need help with everyday tasks like eating and bathing?
- ✓ Do you have no one to help you evacuate before a storm?

**Then you may need to be on our  
Hurricane Registry.**

The health departments in Georgia's coastal counties keep a list of residents with certain healthcare needs who will require help evacuating.

This list is **ONLY** for people who will need medical care or help with daily activities, and have no other way to leave. But you **MUST** be on this list in advance, so call or go online **today** to see if you qualify.

**1-833-CHD-REGISTRY  
(243-7344)**
